With the Commission's approval of DTG Community Telephone (DCT) as the incumbent local exchange company, Dakota Telecommunications Group (DTG) believes it would be appropriate for it to now file a separate intrastate switched access price schedule for the competitive local exchange carrier (CLEC), Dakota Telecom, Inc. (DTI). Up to the effective date of this price schedule, the switched access prices reflected in the DTG switched access tariff, effective as of September 27, 1996, were the prices charged by DTG and its affiliated enterprise DTI. The prices in the DTI price schedule are identical to those in the DTG tariff.

DTI formally began operations as a CLEC on or about November 1, 1997, hence the effective date. The prices mirror those established by DTG as required by the Commission's rules in ARSD chapters 20:10:27 through 20:10:29.

If you have any questions or need to discuss this filing further, please contact me.

Sincerely,

William P. Heaston
Vice-President
